

Holiday Homework

Class: VII

Subject: Mathematics

1. Write the divisibility rules of numbers 2, 3, 5, 6, 9 and 11. Explain with 2 examples each.
2. Draw a bar graph, by collecting the birthday month of your friends.
3. Make a Protractor with CD.
4. Prepare a 3×3 puzzle whose side will be equal by adding all the digits.
5. Draw a picture of your house using mathematical shapes.
