

SreeSainath Nagar, Tirupati – 517102.

Class: V

HOLIDAY HOME WORK

SUBJECT: Science

2018-2019

1. Why should you not eat too many sweets and chocolates? Give reason?
2. We must wash our hands before giving first aid to a person with minor cuts. Why?
3. Visit the traffic junction with your parents. Find out about traffic rules and signs. Draw the traffic rules and signs. Draw the traffic signs on a chart paper and paste it on the scrap book.
4. Collect different types of cloth from a tailoring shop (or) a textile shop. Paste them in a H.W book and identify the type of cloth.
5. Draw the labeled diagram of structure of seed.
6. List ways by which we can prevent accidents caused by fire.
7. Collect picture of different seasons in India and paste them on a chart paper. Below each picture mention the type of weather during that season.
8. Take a box and divide it in to four parts. Sow seeds of pea, mustard, maize and beans in separate parts. Find out how long each kind of seed takes to germinate.
9. What help does the government render during the natural calamity?
10. Sonu and anu did not buy firecrackers for deepavali. They said that they did not want to pollute the environment. Do you support their concerns and write reasons.
