**ADMISSIONS OPEN
FOR THE
ACADEMIC YEAR 2021-22**

MESSAGE FROM CHAIRMAN

Lon Watters once said that "School is a building which has four walls with tomorrow inside". To that I would add that school is also "The Experience of a Lifetime." School experience sets the child to take the flight towards success in life and provides memories for a lifetime.

At Sree Vidyanikethan International School (SVIS), our aim is to provide a creative learning environment that encourages children to bring out the best in themselves and enables their all-round development through engaging learning process that imbibes necessary life skills and embraces diversity.

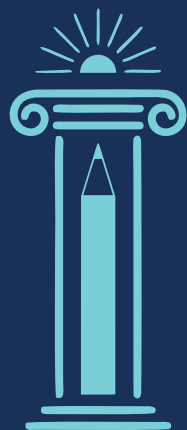

Our caring and committed teachers are our biggest strength. Using the best offline and online teaching pedagogy they make learning enjoyable and rewarding experience for the students, imbibing in them life skills and life values. Our excellent teaching programs are complemented by best-in-class infrastructure. The tab program introduced more than a decade ago makes us uniquely placed to navigate the challenges in teaching during this pandemic. Our focus on sports and co-curricular activities gives ample opportunities to facilitate children's all-round development.

The twenty-nine years of trust and love showered on us inspire us to continue to do our best, in preparing our children for the 21st century.

I invite you to explore SVIS where I personally engage with all teachers and staff to ensure that our students get the best support and guidance for life long success

Dr. M.Mohan Babu

BUILD A STRONG FOUNDATION OF LEARNING AND SUCCESS, TODAY

SVIS is more than a school. It is a preparation for a new world that is constantly changing. To help your child achieve their best, our curriculum focuses on an all-round development in intellectual and social growth, life skills as well as competitive exam preparation.

CHRYSLIS CURRICULUM CLASS IV & V

Curriculum to assist the growth of the child in English, Mathematics, Science and Social studies by practical and effective delivery of their potential in a school ecosystem and tracks their progress, paving a way to awaken their full potential.

Buzzle, a personalized learning and assessment application on hand-held devices which teaches children concepts taught at school through learning games.

Creativity, collaboration and thinking skills

FOUNDATION BUILDER PROGRAM CLASS IV-X FOR OLYMPIADS, NTSE, JSTSE, KVPY

Integrated study program for class IV to X for Olympiads (IEO, IMO, NCO, NSO, IGKO and IFSaO), NTSE, JSTSE & KVPY

Curriculum updated from time to time by our academic council

LIFE SKILLS AND VALUE EDUCATION

Core Life Skills laid down by WHO- Self-awareness, Empathy Critical thinking, Creative thinking, Decision making, Problem Solving, Effective communication, Interpersonal relationship, coping with stress and emotions.

Overall wellbeing and competence

Enables students to translate knowledge, attitude and values into actual abilities

WELCOME TO NON-STOP LEARNING

HYBRID CURRICULUM FOR ONLINE AND OFFLINE EDUCATION

The education system has undergone a drastic change due to the closure of schools during the pandemic. Sree Vidyanikethan was the first school to start online classes in and around Tirupati. Meticulous planning and execution of online classes during the most crucial times, has helped us nurture our bond with the students. Integrating information technology in this hybrid curriculum has ensured flexibility for teachers and students, while keeping learning as an ongoing process every day.
