

Sree Sainath Nagar, Tirupati – 517102

Holiday Homework (2018-19)

Class : 6 A, B & C

Subject: English

- I. Write 10 sentences using Positive, Comparative and Superlative Degree of adjectives.
- II. Write a formal letter to the newspaper editor about “Noise Pollution” in your locality.
- III. Write a page about your favorite ‘Sports Star’ in an A4 sheet.
- IV. Read the following passages and prepare 7 questions on your own for each passage:
 - a) Language is a wonderful gift given to man. No animal possesses this gift, but they have their own way of expressing themselves. When a rabbit sees an enemy, it runs away into its hole. Its tail, which is white, bobs up and down as it runs. The other rabbits see it and they run too. They know that there is a danger. When a cobra is angry, it raises its hood and makes itself look fierce. This warns other animals. When a bee has found some food, it goes back to the hive. It cannot tell the other bees where the food is by speaking to them, but it does a kind of trance in the air. Some animals say things by making sounds. A dog barks when a stranger comes near.
 - b) The song of many birds seems beautiful to us. That is why it is called song, for it reminds us of human song. We do not know birds themselves consider their song beautiful, although we do believe that they do. What birds feel we will never know because they have no means of telling us. But we do not know other things about bird song. If we watch a male bird-song, such as a nightingale early in the morning in early spring, just after it has arrived from its winter quarters, we shall notice that it is alone and has not yet got a mate. It spends most of its time singing. If we watch closely, we will see that while it sings it looks continually round in all directions. It is clearly very much on the alert.
- V. Write any 10 qualities every human being must possess. (You must possess them and Be truthful)
